NOTICE OF NON-DISCRIMINATION

As per Board of Education Policy adopted February 22, 1995, the Hartville R-II School District does not discriminate on the basis of race, color, national origin, sex, or disabling condition. This policy regards admission/access to treatment/employment in its programs and activities. This notification is made to: applicants for admission and employment; employees; sources of referral of applicants for admission and employment; and all unions or professional organizations holding collective bargaining or professional agreements.

Any person having inquiries concerning compliance with the regulations implementing Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, is directed to contact the Superintendent of School, Hartville R-II School District, P.O. Box 460, Hartville, Missouri, 65667, 417-741-7676. This position has been designated to coordinate the district's effort to comply with the regulations implementing Title VI, Title IX, and Section 504.

Standard Complaint Resolution Procedure

The Hartville R-II School District is interested in resolving concerns and hearing complaints from the public regarding district programs and services so that they may be improved and better meet the needs of the students and the community.

The district encourages parents/guardians, students and other members of the public to first discuss concerns with the appropriate district staff prior to bringing the issue to the Board so that the issue may be thoroughly investigated and addressed in a timely fashion. The Board will not act on an issue without input from the appropriate district staff and may require a parent/guardian, patron or student to meet with or discuss an issue with district staff prior to hearing a complaint or making a decision on the matter.

All district employees are expected to answer questions, receive input and professionally address concerns and complaints of parents/guardians, students and other members of the public. If an employee is unable to answer a question or resolve an issue, the employee must direct the person or the question to the appropriate district employee.

Complaint Process

Complaints regarding district compliance with nondiscrimination laws will be processed according to policy AC. Employee grievances will be processed in accordance with the established employee grievance procedure or as otherwise required by law. Complaints involving federal programs will be processed in accordance with policy KLA. Other grievances or complaints for which there is a specific policy or procedure will be addressed pursuant to that policy or procedure. If no other policy or procedure applies, the complaint may be brought as described below.

Process for Resolving a Concern or Complaint

The following steps are to be followed by parents/guardians, students or the public when concerns or complaints arise regarding the operation of the school district that cannot be addressed through other established policies or procedures.

1. Concerns or complaints should first be addressed to the teacher or employee directly involved.
2. Unsettled matters from (1) above or concerns or complaints regarding individual schools should be presented in writing to the principal of the school. The principal will provide a written response to the individual raising the concern ("complainant") within five business days of receiving the complaint or concern unless additional time is necessary to investigate or extenuating circumstances exist.
3. Unsettled matters from (2) above or concerns or complaints regarding the school district in general should be presented to the superintendent or designee in writing. The superintendent or designee will provide a written response to the complainant within five business days of receiving the concern or complaint, unless additional time is necessary to investigate or extenuating circumstances exist.
4. If the matter cannot be settled satisfactorily by the superintendent or designee, a member of the public may request that the issue be put on the Board agenda, using the process outlined in Board policy. In addition, written comments submitted to the superintendent or the secretary of the Board that are directed to the Board will be provided to the entire Board. The Board is not obligated to address a complaint. If the Board decides to hear the issue, the Board's decision is final. Otherwise, the superintendent's decision on the issue is final.

Prohibition against Retaliation

The Board strictly prohibits discrimination or retaliation against any person for bringing a concern to the attention of the district or participating in the complaint process. This prohibition extends to relatives and others associated with the person who brought the concern or complaint. The Board directs all district employees to cooperate in investigations of complaints.

Virtual Instruction

In accordance with Missouri State Statute 161.670, Hartville R-II Schools offers virtual instruction through Missouri Course Access Program (MOCAP). Hartville R-II board policy IGCD provides guidance for virtual course enrollment.

Parent Involvement Policy for Federal Programs

Hartville R-II District is a recipient of monies through Federal Programs. These funds are used in a variety of ways. Our goal is to always ensure these funds are used to provide appropriate educational opportunities for all students.

The district will encourage parents to be involved in supporting the education of their children in the following ways:

- Parents will be encouraged (at least once per year) to become involved in the integrated development of Federal Program planning, the process of reviewing the implementation of the plans, and in suggesting improvements.
- The district will provide coordination, technical assistance, and other support necessary to assist in planning and implementing effective parental involvement.
- The district will continually work to build school and parent capacity for strong parental involvement and for promoting high levels of student achievement.
- The district will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy to determine whether there are barriers to greater participation, particularly by parents who are disabled, who are migrant workers, who have limited English proficiency, limited literacy, or are of any racial or ethnic minority background.
- The district will use the evaluation findings in designing strategies for school improvement and in revising parental involvement policies and procedures at the district and building levels.

WELCOME

The policies and procedures of this handbook are the result of a concerted effort by the faculty and administration. This information has been carefully prepared with the intent of being valuable in helping you adjust, as you become an integral part of Hartville Schools. We encourage you to take advantage of the academic and extracurricular opportunities available at Hartville. The more you involve yourself in school life, the more likely you will be to succeed academically and socially now and in the future. Have a great year!

AUTHORITY OF THE TEACHERS

Teachers and the Principal stand in the place of the parent during such times as students are under their supervision. Teachers shall have the responsibility and authority to maintain proper discipline in the classroom and the school at large, as well as in specific areas of duty assigned by the principal.

Time of supervision shall be continuous from the beginning of the teacher's arrival at school in the morning until their departure from school, not to exclude supervision of students for whom they are responsible for at extracurricular activities.

A teacher who sees any act(s) of sub-standard or improper conduct on the part of any student is expected to reprove the student(s) involved immediately and report the incident to the principal if necessary. The student is expected to accept the reprimand from the teacher and make whatever amends or corrections that the teacher deems reasonably necessary.

Any student who strikes, slaps, kicks or curses a teacher shall be suspended from school and their parents may be requested to appear in front of the school board before readmission to school.

STUDENT RESPONSIBILITIES

It is the responsibility of the student, as a citizen of our school, to learn and obey all policies and regulations as set by the Hartville R-II Board of Education. These policies are enforced to provide the most desirable educational environment and to protect the student. Policies are designed for the good of the school and all students, therefore, please do not ask that exceptions be made.

Remember that teachers are employed to aid and help students. Please feel free to contact them in the settlement of your problems. The student shall always remember to address or refer to his/her teachers as "Mr.," "Ms.," or "Mrs." Disrespect towards any school employee shall not be tolerated.

Students are expected to respect teachers, staff, and other students and act accordingly; be responsive to requests of all school staff; be respectful and non-disruptive in class, assemblies, and other school-sponsored activities; refrain from any behavior that would embarrass or discredit yourself, your parents, your school, or your community.

GRIEVANCES

All grievances should be handled through the proper chain of command. If the grievance is with a certain teacher, sponsor, or coach, first set up an appointment to visit with that teacher, sponsor or coach. After the completion of that meeting, and only after that, you should contact the building level-principal. If the problem still persists, then and only then, will the Superintendent of Schools be notified. It will be the decision of the Superintendent whether to address the Board of Education with any issues concerning personnel.

SCHOOL COLORS

Royal blue and white

SCHOOL MASCOT

Eagle

SCHOOL PRIDE AND SPIRIT

“I’m Proud to be an Eagle.”

Students should remember that school life is comparable to life within a community. You should practice here the qualities of good citizenship, which are so necessary in a good community.

School spirit means many things. Some of the things it should mean and some ways students can contribute to good school spirit are:

Loyalty to all functions of the school.

Courtesy to teachers, officials, adults, fellow students, and students from other schools.

Sportsmanship. Being fair, courteous, generous, a good loser, and a graceful winner.

Keeping buildings and grounds free of litter and trash.

CHARACTER WORDS

Respect, Teamwork, Responsibility, Kindness, Trustworthiness, Self-Control, Honesty, Positive Attitude, Friendship

SCHOOL VISITORS

All persons wishing to visit any part of the school must sign in at the Central Office and receive a visitor’s pass. If at any time it is felt that a visitor is being disruptive to the school’s progress, s/he may be denied permission to visit.

Any change in this plan, temporary or permanent, must be provided to the school in writing or by calling the office. If no information has been received regarding a change in plans, the student will follow his/her customary departure plan.

STUDENT ATTENDANCE POLICY

GRADES K-6

When a student is absent from school, the student shall have his or her parent or guardian call the school office or send a note verifying the absence with the student upon return to school. On the third absence from school without verification the student may be assigned In-School Detention.

No student shall be admitted to class without obtaining an admit/absentee slip from the office. The admit/absentee slip will need to be presented to teachers in order to obtain make up work for excused absences. Students shall obtain an admit slip from the school office before school starts.

If the student was absent for any of the following reasons, the student will need to bring a note or certification from that authority and present it to the school office to be inserted into the student's file.

Appointments for medical reasons. (Doctor, Dentist, Orthodontist, etc.)

Funeral services for immediate family members.

Confined to the hospital for injury or sickness.

Absences to comply with legal orders, court appearances, juvenile office, etc.

Excessive Absences

The Missouri Department of Elementary and Secondary Education require schools to maintain ninety percent of students with 90% or better attendance for accreditation purposes. Research indicates a positive correlation between student attendance and achievement. Five absences per semester is approximately ninety-five percent attendance. Greater than five absences are considered excessive, and could be detrimental to student success.

Upon the fifth absence for the semester, the student and parent/guardian will be notified that any further absences may result in at least one of the following actions by the principal:

Loss of privileges.

Shall examine each absence beyond the fifth to determine if make-up work shall be allowed.

May grant an extension due to extenuating circumstances.

May refer the case to Truancy Court.

In addition, if the student warrants, the principal may recommend one or all of the following to the superintendent:

The student receives a reduction in grades.

The student be assigned in-school detention.

The student be retained.

Upon the tenth absence for the first semester, or fifteenth for the school year the student may be reported to the appropriate authorities for educational neglect.

Any time during these proceedings, the student and/or the parents may request a hearing. All requests shall be initiated with the principal.

Excessive absences due to confirmed illness may be justified as long as the student makes every attempt to obtain his/her assignments while absent and make arrangements to make up all other work immediately upon returning to school.

****Due to COVID-19 the Student Attendance Policy may be subject to change.**

Make-up Work

Teachers must provide make-up work at the request of the student for the day(s) absent. The length of time for the completion of make-up work shall be the equivalent to twice the number of days of absence (two days for every one absence). Work not completed and turned in to the teacher within that time span shall be recorded as a zero. Make-up work for out of school suspensions will result in the student receiving a maximum of 50% credit for the work. All make-up work shall be completed no later than 10 days after the end of the quarter.

Attendance/School Activities

Students that are absent from school due to their approved involvement in school activities that are scheduled during the school day shall not be counted absent from classes, nor will it be recorded as an absence in the teachers' grade book. However, students are responsible for assignments or tests that occurred in class while they were gone.

Students must be in attendance at the minimum of four class periods the day of an extra-curricular activity in order to attend, participate or practice, unless prearranged through the activity sponsor and the building principal.

STUDENT DISCIPLINE POLICY

GRADES K-6

Student Conduct

Every pupil is expected to obey the rules and regulations, to attend school punctually and regularly according to the attendance policy, to obey the directions of the teachers, to be diligent in study, and to be respectful to staff members and schoolmates. All Hartville School District personnel responsible for the care and supervision of students are authorized and held accountable to enforce the student discipline policy, to hold students strictly accountable for any disorderly conduct in school, on any property of school, on any school bus, or any school-sponsored activity.

Thus, in situations where students display disruptive or undesirable behavior and violate the rules and regulations of the school, it is necessary for the school to impose penalties upon them.

All students must follow ISD rules and regulations and complete all assignments to the satisfaction of the teacher and principal before allowance to return to the natural school setting will be granted.

Documentation in Student File: Severe disciplinary issues will be reported to the student's permanent file. This information will remain in the file for an unlimited time and will not be subject to change.

Suspension (OSS): This is the most serious disciplinary action that can be taken by the principal. During suspension, students are not allowed to be at school functions or on school property. The superintendent of schools may decide to lengthen suspensions for up to 180 school days, and the Board of Education may choose to lengthen suspensions for 180+ days. Suspensions interrupted by inclement weather will be extended to include the next school day(s). Students will not receive full credit for work during a suspension. A grade reduction of no less than fifty percent will be observed based on administrative discretion.

Contact Authorities: Local law enforcement agencies will be notified to intervene under severe circumstances in which the violation is also a violation of state law, or is a continuous disruption to the school environment.

GENERAL INFORMATION

Age Requirements for Enrollment

A child must turn 5 before August 1 in order to be eligible to enroll in kindergarten. A child must turn 6 before August 1 in order to enroll in first grade. Senate Bill CCS HCS SB572 repeals laws requiring schools to evaluate the readiness for early entry effective July 1, 1997.

Immunization

According to Board of Education policy, JHCB, all students attending the district’s schools shall be immunized in accordance with law.

Administration of Medicine

Medications will be administered according to Board of Education Policy, JHCD.

Accidents or Illnesses

In the event of a minor injury or illness, the school nurse will administer first aid. In the interest of the child, the nurse will contact the parent or guardian if the situation warrants. If the parent cannot be reached, the nurse or designee will contact the alternate person provided on the emergency contact list.

School Insurance

The Board recommends that all students have accident insurance for both their own protection and their parents'/guardian's protection. Although arranging for such insurance is the responsibility of the student and parents/guardian, the Board will name an insurance carrier each year to offer group rates. Participation in the group plan is optional. The parents/guardians and student will deal directly with the insurance carrier.

Check-out Procedures/Leaving School

Parent/Guardians wishing to checkout his/her student during the school day need to report directly to the elementary office. At this time the student will be contacted and sent to the office to be signed out. We ask that you refrain from going directly to the classroom to pick-up your student. Doing so may disrupt student learning.

School Cancellation Because of Weather or Other Conditions.

It is necessary at times to cancel school due to unforeseen weather conditions. These cancellations are announced on all Springfield television stations, KJEL Radio 103.7, and School Messenger. Please refrain from calls to the school personnel regarding weather. If classes must be dismissed early after the school day has started, an announcement will be made at school and on all radio and televisions previously mentioned and a message sent out through our School Messenger system.

Telephones

All calls must be made through the office. The calls should be limited to emergencies. Cell phone usage is not permitted during school.

Assemblies

Attendance at all school-sponsored assemblies is compulsory. Although there is no set pattern or number of assemblies, they are designed to be entertaining and educational. All students are to conduct themselves in a manner that will not disturb others who wish to enjoy the assembly. Disruptive students will be disciplined accordingly.

Building Use After School Hours

Arrangements should be made with the principal for all activities that need to use the building after hours. The teacher sponsoring the activity or organization should make arrangements. No student should be in the building after school hours unless working with a teacher, sponsor, or coach.

Calendar of Activities

A calendar of activities is kept in the principal's office. To eliminate conflicts, sponsors are urged to schedule events as early in the year as possible. All dates should be approved by the building principal before they are entered upon the calendar, hopefully (1) one week in advance. In the event of a conflict, the event placed on the calendar first will take priority.

School Pictures

School pictures will be taken during the fall and spring and are paid for by the students. Students are not required to purchase pictures, but will need to have a picture taken for the yearbook. Students that miss school the day of pictures will have another opportunity on picture make-up day.

Student Valuables

Students are cautioned not to bring valuables or large amounts of money to school or on school field trips. If you wear glasses, watches or rings, keep track of them at all times. Students, not the school, are responsible for personal property. If it is necessary to bring a considerable amount of money to school, leave it in the office for safekeeping. **IF IT IS NOT ON YOUR SCHOOL SUPPLY LIST, THE SAFEST THING TO DO IS LEAVE IT AT HOME.**

Textbooks

Students are responsible for all the books they are issued and are expected to take care of them until turned in at the end of the school year.
